

Anticipated Solicitations for Fiscal Year 2024-2025

Executive Summary

The below report represents anticipated solicitations (competitive sourcing events) that may occur, contingent upon the ongoing needs and available funding of Metro Nashville Public Schools (MNPS). This list has been compiled by the MNPS Procurement Department and is based upon contracts that will be expiring within the 2024-2025 fiscal year or for upcoming capital projects. The expectation is that any new solicitation will be issued around 6 months prior to the date of the expiring contract(s), but it is at MNPS' discretion to adjust such timeline for solicitation release depending on the complexity of the goods/services being requested.

The information contained within this report is not inclusive of all purchases MNPS will make during the identified period, nor is MNPS obligated to purchase any of the goods or services listed. The report represents a good faith estimate, accurate at the time of publication. In no way should anything in this report be construed to legally bind MNPS or authorize any MNPS department or school to make purchases outside the standard procurement process.

For expiring contracts being resolicited, more information about the goods or services may be obtained by reviewing details of the existing contract. Existing contracts can be found by searching the provided contract number here: <https://documents.nashville.gov/Request/Form/Contracts>.

Information about MNPS' purchasing process – including how to register, find opportunities, and bid – is available online at <https://mnps.org/about/departments/doing-business-with-mnps>.
